

# RFE Solenoid Blocks

Remanufactured Dodge RFE Solenoid Blocks

**IN STOCK**  
**ALWAYS AVAILABLE**

- Each solenoid block is cleaned and reassembled with new seals and gasket.
- Tested on our state of the art solenoid simulator machine.
- Solenoids are run through multiple shift cycles at operating temperature to verify both hydraulic and electrical functionality of each circuit
- Installation-ready out of the box
- 100% Pro-Proven verified, calibrated, tested and guaranteed with a limited lifetime warranty

## THE **PRO**Proven™ DIFFERENCE

At Valve Body Pro, all rebuilding, testing and calibration is performed in-house using industry leading, state-of-the-art equipment and our own proprietary HTC-K software.
